INTRODUCTION

This property is absolutely beautifully located among the rolling hills between the Medieval town of Todi and Acquasparta. The property consists of a piece of land, partly agricultural, partly buildable where one private villa (with annexes) or two small houses with swimming pool may be built up to a total sqm of 600.

Once acquired this property, SpecialUmbria can offer a turn key solution in Umbrian style with private swimming pool, fully designed and modeled to your own wishes.

This is a place with unique characteristics: vast views on the green, Umbrian hillsides without any disturbing elements, not isolated but with a lot of privacy, close to a village and several facilities.

The mentioned “starting from EUR 1,5 mio” price comprises an estimate of the total cost to incur in a project to come to a turn-key delivery of the property: construction (renovation, new build or restoration pending the situation) included the building’s structure where necessary as well as all finishings including systems and swimming pool, landscaping and planting of garden, technical fees (e.g. architect, engineer, surveyor), project & design management by SpecialUmbria, all interior and exterior furniture and decorations.
